Legnaro, January 23, 2018

To whom it may concern,

This letter is to confirm that Mr. Babla Mohajan, Erasmus Mundus MedFor student, attending his second year at the University of Padova, will work on his MS thesis under my supervision.

His thesis topic will be on quantitative wood anatomy, in particular, we will try to find, in European beech trees, a link between the cambial and the leaves phenology.

Best Regards

Prof. Marco Carrer

A handwritten signature in blue ink, appearing to read 'Marco Carrer'.
